BATHROOM SOLUTIONS

BATHROOM SOLUTIONS

Have a special moment here and allow yourself to be energized and looked sharp every single day.

Creativity, when coupled with environmentally-friendly materials, makes wonders in a product. All the designs are made with the goal of closing the gap between their users and the mother nature, and bring them mutually closer. We keep living out the dreams by making living designs, since we feel that good life comes from the pursuit of perfection.

PLATO

This smooth combination of metal and wood Plato design combines a simple building block look while still having important storage functions. Here at Innoci lifestyle we profusely recommend this bathroom set to be used for leisure hotels or upmarket houses looking for that concise yet simplistic design.

V11

Vanity Grüne

The square design makes an ideal integration with the linear bathroom, wash basin, bathtub and even the toilet. Innoci is adding a whole new dimension to this popular design by introducing three new sizes with widths of 600mm, 800mm, 900mm and 1000mm.

V5 Vanity Gemini

The combination of the wooden cabinet with basin create an ideal match, with the red wooden finishes evoking a feeling of superior quality. It further showcases the extraordinary flexibility of Innoi design on counter itself. Vanity cabinets and Gemini basins are available in 7 different width. There are two alternative installation: wall-hung and floor-standing.

User-friendliness is showcased at its based in mega-sized ceramic counter-top basin that come in one easy-to-clean piece.

The drawers are big which are suitable for storing washing and brushing products. Buffering door hinges ensure space usage and safety. Choosing Moisture-proof materials is the priority; therefore, suitable timber, door hinges and handle, all must be based on the needs for moisture-proof to create an exquisite and beautiful bathroom cupboard.

A variety of size selection in raindrop counter-top basins make an ideal harmony with any bathroom space. The elegant simplicity is the best element in the minimalist space.

M017LW
700x460x550mm

High-quality wood

With optimal water content ratio, the natural solid wood ensures thickness swelling rate of water absorption lower than 8%, and permanent and durable modeling of the bathroom cabinet.

Solid wood structure

It features superior, even texture and elegant veins (three-peak veins), high hardness, and naturally high resistance to wear.

Water-proof treatment

Three-step waterproof treatment includes thirteen painting procedures, seven times of grinding, four courses of primer and two courses of top coat. Compared with the traditional painting process used for the furniture industry, the completely water-resistant surface is more suitable for damp bathroom environment.

Fashionable and durable

We offer furniture with long service life in various colors and sizes for your option, creating a colorful space for you.

World-class accessories

The hardware accessory of Blum, a world-class brand , can support 200,000 times of cabinet door movement. It features high anti-corrosion and high bearing capacity (130 KG under the silence mode), and allows doors to be opened smoothly without any noise.

Piano baked enamel surface

PU piano baked enamel technology allows furniture surface to maintain glossy and smooth, with luminance 2.8 times higher than ordinary baked surface. It is high-density, highly waterproof, artistic and easy to clean.

Large storage space

The ultra-large cabinet with partitioned storage function makes it easy for you to store various commodities and create a clean and orderly bathroom.

Low formaldehyde content

Formaldehyde detection content of Innoci bathroom cabinet:<1 mg/L
E0 environmental standard of China:formaldehyde content<=5mg/100g
E0 environmental standard of Europe:formaldehyde content<=3mg/100g
E0 environmental standard of the U.S.:formaldehyde content<=4mg/100g

One-piece Smart Toilet General Advantage

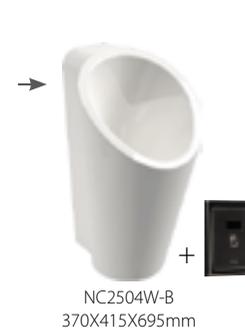

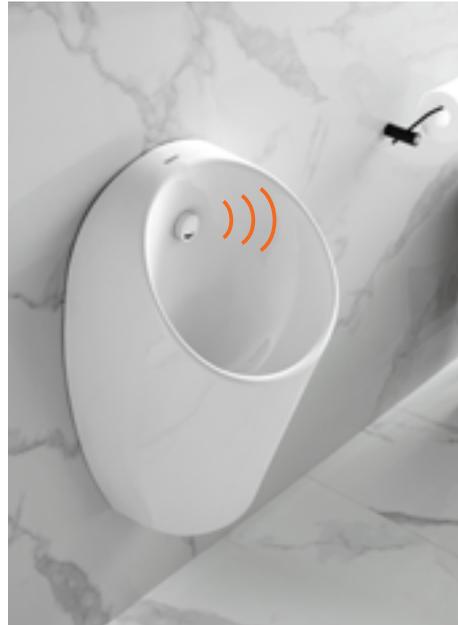

Smart Seat Cover General Advantage

Urinal

Circular smart urinal with seamless construction matches perfectly with sensor flushing functionality, making it easy-to-clean. This exclusive design is created to add an air of style to public areas.

Water saving

3/4.5L double-level water conservation design is lower than the national water conservation criterion of 6L.

World-class fittings

Every Geberit fittings has passed over 200,000 times of durability tests, equivalent to a service life of over 50 years for an ordinary household (estimated by 10 times per day). Its noise level is lower than 20 db, meeting the European standard.

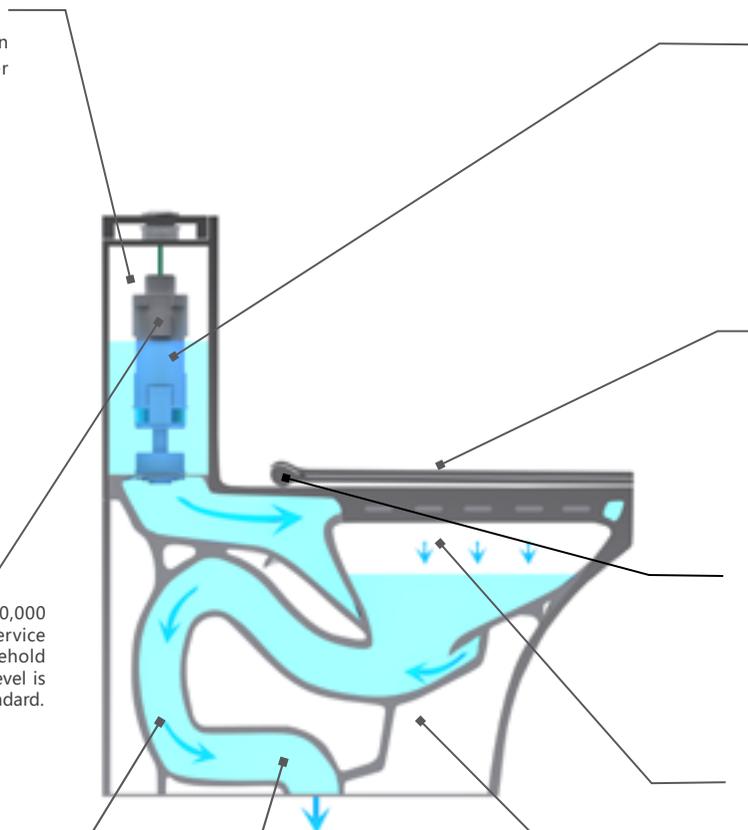

Low water absorption

Water absorption target of sanitary ceramics :
National standard: ≤ 0.5%
European standard: ≤ 0.5%
Innoci brand standard: ≤ 0.2 - 0.3%

Large-diameter pipe for quick blowdown

Large-diameter (50 mm) design ensures free and rapid passage of dirt to avoid blockage.

Powerful flushing

Powerful flushing high-level cistern is equipped with a 3-in. drainage valve, which increases instantaneous water discharge to 2.25 times the volume of a conventional 2-in. drainage valve.

Ultrathin urea formaldehyde seat cover

Ultrathin urea formaldehyde seat cover: It features ceramic texture, and is durable and crush resistant. It falls down silently upon a slight touch by finger, with high efficiency in sound reduction.

Quick-removing seat cover

The seat cover is equipped with metal hinge which enables it to be removed in simply one second. It features keyless assembly and disassembly, durability and easiness to be removed for surface cleaning.

Water flow distribution for dual flush

With 30% for flushing and 70% for ejection, this technology accelerates siphonage and strengthens impulsive force.

Easy-to-clean glazed surface

Produced under high temperature (1,250°C) of baking, the 1.1 mm thick easy-to-clean glazed surface covers tiny pores in three layers.

1. Less pinholes and cracks in priming glaze
2. Anti-dirt surface and high efficiency in bacteria inhibition
3. Beautiful, clean and glossy appearance

Design for bathroom mostly originates from the respects of nature. It is not only about the sense of beauty, but also a warmth and temperature of mother earth. The branch-structure vanity with long and smooth square basin equips with large space for daily sanitary toities and sanitary products.

Counter Ceramic basin

The rain-drop design offers an exquisite reflection of natural beauty because of its flowing lines and minimalist styling.

Multi-color surface

At Innoci, besides surface treatment with chrome color, there are also other options such as gold, black, etc.

Chrome Gold Black

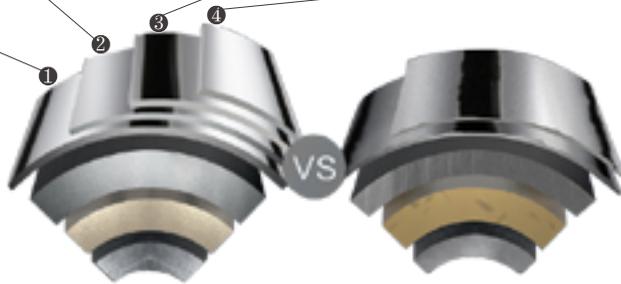

Mirror-sided Plating Technology

Nickel-chromium surface plating technology ($Ni \geq 8\mu m$, $Cr \geq 0.25\mu m$) enables coated metal piece to effortlessly pass the 200 hour salt spray test and maintain its sheen even in humid bathrooms.

Half-nickel-plated Antioxidant and corrosion-resistant
 Full-nickel-plated Antioxidant and corrosion-resistant
 Plated chrome Brighter and smoother
 PVD-plated layer Hardness strengthened

Thicker more powerful corrosion resistance

Innoci's plated layers

Other brands' plated layers

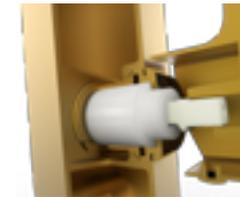

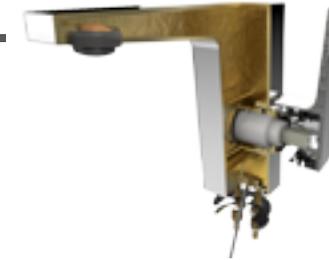

Coin Slot Aerator

Innoci uses Swiss Neoperl hidden coin slot aerator, there is no need to use special spanner, just need a coin to open it easily, which is easy to clean and easy to repair.

Lead-free Brass

Faucet for the system is made of lead-free copper of German standards. With content of precipitated lead lower than $5 \mu g/L$ and no lead detected in water, it complies with the strictest European and American standards and keeps water supply healthy.

World-class accessories

KEROX (Hungary) precision ceramic valve element; Fluhs (Germany) precision copper valve element; It has a service life of more than 500,000 times, i.e. over 20 years for a normal household (50 times per day).

Water Saving Technology

Neoperl (Swiss) concealed bubbler, equipped with 6 layers of special honeycomb strains to filter dirt from water, ensures fine and smooth water supply and reduced splashing, capable of supplying water at a rate of 4-5 L/min. It is water conserving, environmentally friendly and easy to clean and maintain.

Circle 1

The geometric styling of the free-standing bathtub turns an ordinary bathing experience into a guilty pleasure. Its metal feet can be coordinated in various combinations to make the installation a easy thing to do.

The linear design has a calming effect on the user.

The environmentally-friendly materials coupled with mat gross polishing of the surface bring a whole new level of luxury into your life.

Square 1

Bathing is not only to clean your body also to give us a moment of relaxation and enjoyment. Most people enjoy bathing and as a pursuit for a better life. The square minimalist style bathtub can be put in the center of a bathroom with the standalone water tap. This combination of straight lines and round corners sets a relaxing mood. The flat surface design is perfect for toiletries. All in all, the visual beauty and functions of this bathtub are fascinating.

Classic Solid Surface

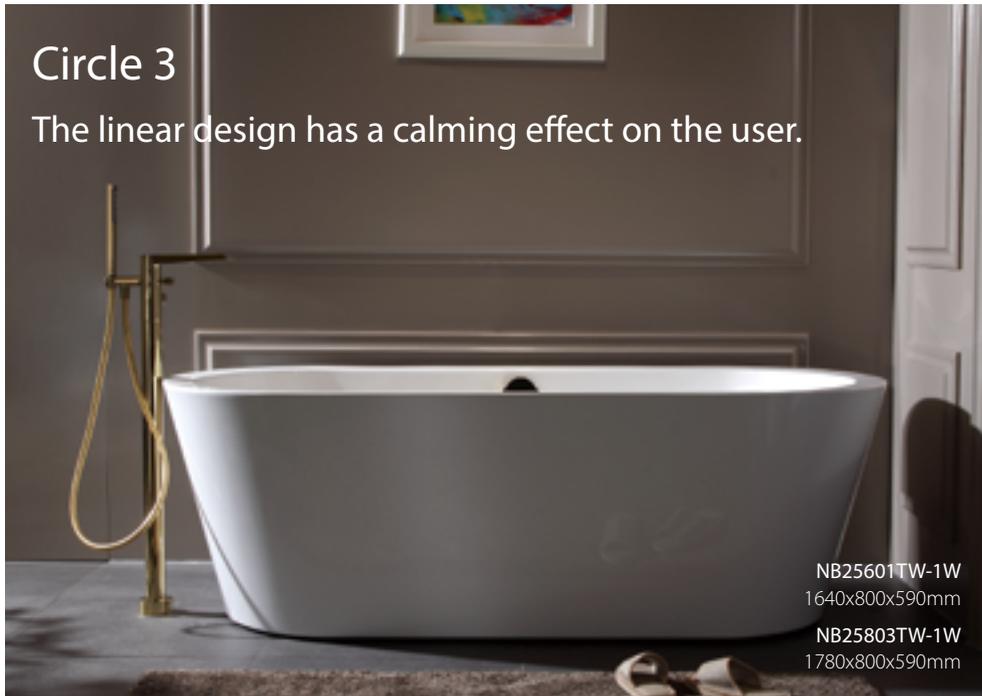

The mixture of straight lines and arcs, the integration of molding technology in the use of artificial stone and resin materials, and the honed smooth surfaces all make a bathtub seem like a beautiful sculpture. Besides the softness of its appearance, it is popular in all age groups. It eliminates sharp corners and promotes a laid-back style which introduces a huge visual enjoyment.

Aviation-grade wear-resistant plates

Acrylic bathtubs are made of aviation-grade Acrylic plates manufactured by Dupont (the U.S.), LG (South Korea) and Sumitomo (Japan). The plates are 3 mm thick, white and smooth, and resistant to extremely low and high temperatures, and can reduce energy consumption.

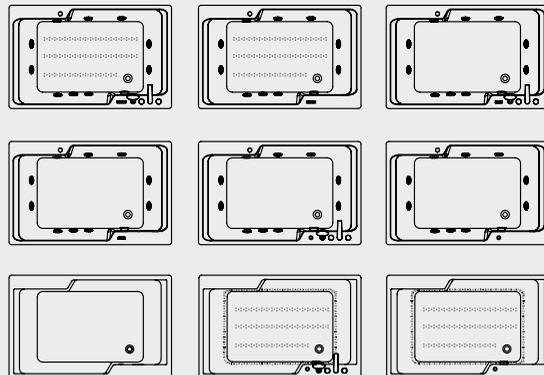

Matte color

Acrylic special surface treatment, Matte panel, like the characteristics of stone cylinder, so easy to clean, can be polishing decontamination.

High-quality and environment friendly stones

Environment friendly stone bathtubs are made of high-quality environment friendly stones, simple and elegant. Its unique process prevents tubs from yellowing or discoloring after long-time use.

Multiple functions and sizes

Multiple functions and sizes make you comfortably to enjoy the precious intimacy time.

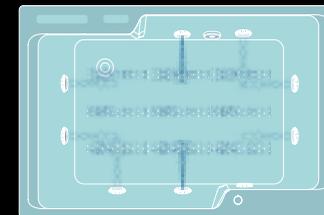

Touch Control

Concealed smart digital control touch-screen system allows the tub to be easily adjusted and cleaned without any damage to the tub or leaving any dead spaces.

Colorful lighting

LED colorful background lighting system can sterilize and disinfect the tub water.

Spa-like experience

Water flow from different directions through nozzles of various designs gives you a massage to relax your entire body.

Ergonomic design

The optimal lying-position design (105°) ensures the inclination of inner wall of the tub to perfectly match the human back shape.

Have a special moment here and allow yourself to be energized and looked sharp every single day.
